

CORPORATE GOVERNANCE REPORT

Proper corporate governance practices are fundamental in maintaining the market's confidence in the Group and creating added value for our stakeholders. As part of this effort and in order to prevent any conflicts of interest, roles and responsibilities are clearly defined and delegated among shareholders, the Board of Directors, management and other stakeholders. A detailed presentation of corporate governance at Resurs Holding AB (publ) ("Resurs Holding") is provided on the following pages.

Corporate governance/Management model/Governance and management

Resurs Holding is a Swedish public limited liability company whose shares have been listed on Nasdaq Stockholm since April 2016. The company's corporate governance practices are predominantly based on Swedish law, the Swedish Financial Supervisory Authority's regulations, the company's Articles of Association and internal policies. In addition to the regulations of the Swedish Companies Act (2005:551), the Swedish Annual Accounts Act (1995:1554) and the company's Articles of Association, the company applies Nasdaq Stockholm's

Rule Book for Issuers and the Swedish Corporate Governance Code (the "Code"), as well as other applicable Swedish and foreign laws and regulations related to listed companies.

Swedish Corporate Governance Code

The Code applies to all Swedish companies whose shares are listed in a regulated marketplace in Sweden and must be observed as of the first day of trading. The Code stipulates a standard for sound corporate governance at a higher level of ambition than that of the Companies Act and the minimum criteria stipulated in other regulations. The Code is based on the comply or explain principle, meaning that the company is not compelled to always comply with every rule of the

Code, and is instead free to opt for other solutions that are deemed to better suit the circumstances in a particular case, provided that the company transparently reports every such deviation, describes the alternative solution, and states the reasons for said actions in its corporate governance report.

Resurs Holding has not deviated from any of the Code's rules since the IPO in 2016.

RESURS HOLDING'S CORPORATE GOVERNANCE STRUCTURE

General meeting of shareholders

In accordance with the Swedish Companies Act, the general meeting of shareholders is the company's highest decision-making body. The general meeting of shareholders can resolve every company matter that does not expressly fall under the exclusive expertise of another company body. At the Annual General Meeting (AGM), which must be held within six months of the end of the financial year, shareholders exercise their voting rights on matters including the adoption of the income statement and balance sheets, appropriation of the company's profit or loss, motions on discharge from liability for Board members and the CEO for the financial year, the election of Board members and auditors, as well as fees to be paid to Board members and auditors.

In addition to the AGM, Extraordinary General Meetings may also be convened. Pursuant to the Articles of Association, notice of a general meeting of shareholders must be announced in Post- och Inrikes Tidningar and by making the notice available on the company's website. Confirmation that the official notification has been issued must simultaneously be announced in Svenska Dagbladet. A press release in Swedish and English including the notice in its entirety is published ahead of every general meeting of shareholders.

The Chairman of the Board, the minimum number of Board members needed to form a quorum, and the CEO are to attend extraordinary meetings of shareholders. In addition to the aforementioned parties, AGMs must be attended by at least one member of the Nomination Committee, the auditor-in-charge, and, whenever possible, all Board members.

The company's Articles of Association do not include any specific stipulations concerning the election or dismissal of Board members, limitations to sales of shares or amendments to the Articles of Association. The Board does not currently hold any authority granted by a general meeting of shareholders to make a decision on Resurs Holding issuing any new shares. At the Extraordinary General Meeting on 27 October 2017, the Board was authorised to buy back own shares to encompass up to 5 per cent of all of the shares in the company up until the next Annual General Meeting.

The AGM in 2017 was held on 28 April. In addition to the aforementioned meetings, an Extraordinary General Meeting was held during the year.

A total of 143,837,016 shares were represented at the 2017 AGM. The represented shares comprised 71.9 per cent of the total number of shares in the company.

The resolutions passed at the 2017 AGM included:

- Adoption of the income statement and balance sheet, and consolidated income statement and consolidated balance sheet
- A resolution on the appropriation of the company's profit according to the adopted balance sheet
- Resolution on discharge from liability for the Board of Directors and the CEO
- The re-election of Board members Jan Samuelson, Martin Bengtsson, Fredrik Carlsson, Anders Dahlvig, Marita Odélius Engström, Christian Frick, Mariana Burenstam Linder and Lars Nordstrand. Jan Samuelson was re-elected as Chairman of the Board
- Election of auditors
- Determination of fees for Board members and auditors
- Adoption of Nomination Committee instruction
- Resolution on guidelines for compensation CEO and other senior executives

Resurs Holding's next AGM will be held on 27 April 2018.

Right to participate in the general meeting

All shareholders who are entered in the extract from the share register concerning the status of the shareholders five days prior to the meeting (including Saturdays) and who registered their participation on time, pursuant to the stipulations in the notice, are entitled to participate in the meeting and to cast votes based on the number of shares that they hold. Shareholders who are unable to attend in person may be represented by a proxy. Shareholders may not be accompanied by more than two individuals.

In addition to registering with the company, shareholders whose shares are held in the custody of a trustee through a bank or other securities firm must temporarily register their shares in their own name with Euroclear Sweden AB in order to be entitled to participate in the meeting. Shareholders should inform their trustees of this well in advance of the general meeting.

Resurs Holding's Articles of Association do not stipulate any limitations as to how many votes each shareholder may cast at a general meeting.

Nomination Committee

The Nomination Committee represents Resurs Holding's shareholders. The Nomination Committee is tasked with preparing and presenting motions for resolution, for example, determining the proposals on the number of and election of Board members, the Board Chairman, fees for the Board of Directors and its

Committees, the election of and fees for the company's auditors, and the process and criteria that are to govern the appointment of members of the Nomination Committee until the next AGM.

The focus of the Nomination Committee's efforts is on ensuring that the Board of Directors comprises members who collectively possess the expertise and experience to match the criteria that the shareholders impose on Resurs Holding's highest decision-making body, including the requirements that are stipulated in the Code. Accordingly, in the process of assessing candidates for the Board, the Chairman of the Board presents the Nomination Committee with the evaluation that has been conducted of the Board's work and of the individual members during the past year. The Nomination Committee is also given the opportunity to meet the Board's members. The Nomination Committee also makes preparations for the election of auditors. Shareholders are free to submit proposals to the Nomination Committee pursuant to the instructions posted on Resurs Holding's website.

The AGM resolves on principles for the composition of the Nomination Committee and its work. Ahead of the 2018 AGM, pursuant to Resurs Holding's principles for the Nomination Committee, the Committee is to comprise representatives of the four largest shareholders in terms of voting rights registered as owners in the share register maintained by Euroclear Sweden AB at 31 August of each year, as well as the Chairman of the Board. The Nomination Committee appoints its Chairman, who is to represent the largest shareholder in terms of voting rights, and to work in the interests of all shareholders. Resurs Holding announced the composition of the Nomination Committee ahead of the 2018 AGM on 15 September 2017. The four largest shareholders of Resurs Holding on 31 August 2017 were: Waldakt AB, Nordic Capital via Cidron Semper Ltd, Swedbank Robur and the Second AP Fund. Swedbank Robur relinquished its place on the Nomination Committee and therefore Handelsbanken Fonder AB was asked to join the Committee as the fifth largest shareholder. On 24 November 2017 Resurs Holding announced that Handelsbanken Fonder AB relinquished its place as a result of reduced shareholding. According to the Nomination Committee's instruction, the Nomination Committee may appoint a replacement for a member who leaves the Nomination Committee before its work is completed. Such a substitute must come from the same shareholder or, if this shareholder is no longer one of the largest shareholders in terms of voting rights, from the next shareholder in line

by size. Due to a changed ownership scenario as of 31 October 2017, Livförsäkringsbolaget Skandia Ömsesidigt was asked to appoint a member as the fifth largest owner. Swedbank Robur Fonder was also asked, but the company previously relinquished its place on the Nomination Committee ahead of the 2018 Annual General Meeting.

The Nomination Committee comprises Committee Chairman Martin Bengtsson for Waldakt AB with a (28.6 per cent) shareholding in Resurs Holding at 31 August 2017, Robert Furuholm, for Nordic Capital's holding company Cidron Semper Ltd (26.2 per cent), Ulrika Danielsson for the Second AP Fund (3.2 per cent), Annelie Enquist for Livförsäkringsbolaget Skandia Ömsesidigt (1.6 per cent), and Resurs Holding AB's Chairman Jan Samuelson. The current composition of the Nomination Committee is also posted on Resurs Holding's website. The Nomination Committee convened on a total of six occasions ahead of the 2018 AGM, and was also in contact by telephone and held meetings with the members of the Board and the CEO.

The Nomination Committee applies item 4.1 of the Code as its diversity policy, and strives for a combination of skills and experience that meet the demands of Resurs Holding's most important priorities. The Nomination Committee believes that the diversity issue is important, and it actively endeavours to achieve an even gender distribution over time.

The Nomination Committee's proposals for the 2018 AGM will be published in the forthcoming AGM notice on Resurs Holding's website.

Board of Directors

Following the general meeting of shareholders, the Board is the company's highest decision-making body and its highest executive body. The work of the Board is primarily governed by the Swedish Companies Act. The Board's work is also governed by the rules of procedure that are established annually by the Board. The rules of procedure govern such matters as the delegation of tasks and responsibilities among the Board, the Chairman of the Board and the CEO, and detail the procedures for the CEO's financial reporting. The Board also adopts rules of procedure for the Board's Committees. The Board's tasks include establishing strategies, business plans and budgets, submitting interim reports and financial statements and adopting policies. The Board must also monitor the company's financial performance, ensure the quality of the financial reporting and reporting by the control functions, and evaluate the company's operations based on the established targets and policies adopted by the Board. Finally, the Board also decides on major investments and organisational and operational changes in the company. The Chairman of the Board is to monitor the company's earnings in close cooperation with the CEO, and chair Board meetings. The Chairman leads the Board's work and the Board members, and creates an open and constructive dialogue. The Chairman's tasks also include monitoring and evaluating the skills, work and contributions of individual Board members to the Board. In addition to the regular Board members, the CEO and CFO also participate in

Board meetings. The Group's CGO (Chief Governance Officer) serves as the Board's secretary. Other members of Group Management and other executives report on specific matters.

Evaluation of the Board

Once a year, the Board conducts a systematic evaluation during which Board members are given an opportunity to provide their views on approaches, Board material, their own and other members' work on the Board with the aim of improving the work of the Board and providing the Nomination Committee with a relevant basis for making decisions ahead of the AGM. An evaluation was performed by an external company ahead of the 2018 AGM and the results were presented to the Board and the Nomination Committee.

Members of the Board

The members of the Board are elected on an annual basis by the AGM for the period until the end of the next AGM. According to Resurs Holding's Articles of Association, the Board is to comprise three to ten members elected by a general meeting. The Board currently comprises eight members elected by a general meeting for the period until the end of the 2018 AGM.

Under the Code, a majority of the AGM-elected Board members must be independent in relation to the company and its management. To determine whether a Board member is independent, a collective assessment must be made of all circumstances that may give reason to

question a Board member's independence in relation to the company or its management, such as if a Board member has recently been employed by the company or one of its related companies. At least two of the Board members who are independent in relation to the company and its management must also be independent in relation to the company's major shareholders. In order to determine this independence, the scope of the member's direct or indirect relations to major shareholders must be taken into account. Major shareholders are defined under the Code as shareholders who directly or indirectly control 10 per cent or more of the company's shares or voting rights.

Board committees

Although the overall responsibility of the Board cannot be delegated, the Board institutes Committees from among its ranks that prepare, evaluate and monitor matters within each specific area ahead of decisions by the Board. Accordingly, the Board has instituted an Audit Committee, Corporate Governance Committee and Remuneration Committee. The Committee members and Chairmen are appointed by the Board and their work is governed by each Committee's rules of procedure.

Audit Committee

One of the primary tasks of the Audit Committee in accordance with Chapter 8, Section 49b of the Swedish Companies Act is to ensure that the Board meets its oversight requirements pertaining to auditing, accounting and financial reporting. The Audit Committee is also tasked with reviewing the processes and procedures for the aforementioned areas. In addition, the Audit Committee is to supervise the impartiality and independence of the auditor, evaluate the auditing practices and discuss the coordination between the external and internal auditing functions with the auditors. The Audit Committee is also to assist Resurs Holding's Nomination Committee in producing candidates for external auditors. The Audit Committee has three members: Jan Samuelson (Chairman), Christian Frick and Martin Bengtsson. The Audit Committee fulfils the requirements on auditing and accounting expertise as stipulated in the Swedish Companies Act.

Corporate Governance Committee

The Corporate Governance Committee's tasks include evaluating the Group's internal control and policies pertaining to compliance, risk control and internal audit, insofar as these do not influence

the area of financial reporting, for which the Audit Committee is responsible. Among other matters, the Corporate Governance Committee is to evaluate observations and proposals for improvement measures based on reports submitted by the compliance function, risk control function and internal audit function, review Resurs Bank's internal capital and liquidity assessments, and monitor proposals on legislative amendments that may impact the Group's licensed operations. The Corporate Governance Committee is also to inform the Board of and provide recommendations on the results of these reviews and evaluations. The Corporate Governance Committee has three members*): Lars Nordstrand (Chairman), Mariana Burenstam Linder and Marita Odélius Engström.

Remuneration Committee

The Remuneration Committee's task is to prepare matters concerning remuneration and other terms of employment for executive management. The Remuneration Committee is to monitor and evaluate the application of the guidelines for remuneration to senior executives which the Annual General Meeting is to adopt according to the law, and assist the Board with support and advice in formulating the Group companies' respective remuneration policies to promote sound and efficient risk management and, if necessary, propose changes. The internal policies govern matters such as the balance between fixed and variable remuneration, and the relation between earnings and compensation, the primary terms for bonus and incentive schemes, and the terms for other benefits, pensions, resignation/dismissal and termination benefits. The Remuneration Committee is tasked with monitoring and evaluating the results of variable remuneration, and the Group's compliance with the guidelines for remuneration as adopted by a general meeting. The Remuneration Committee has three members: Jan Samuelson (Chairman), Christian Frick and Fredrik Carlsson.

CEO and other senior executives

The CEO is subordinate to the Board of Directors and is responsible for the company's operational management and its day-to-day business. The delegation of duties among the Board and the CEO is outlined in the Board's rules of procedure and the CEO's instructions. The CEO is also responsible for preparing reports and compiling information from management ahead of Board meetings and makes presentations at the Board meetings.

Pursuant to the internal policies on financial reporting, the CEO is responsible for financial reporting at Resurs Holding

*) David Samuelson relinquished his positions as a Board member at the Annual General Meeting on 28 April 2017 at his own request. Marita Odélius Engström is a new member as of 28 April 2017.

and must thus ensure that the Board has sufficient information in order to be able to regularly assess the company and the Group's financial position. Accordingly, the CEO continuously keeps the Board informed of the performance of the business, earnings and financial position, trends in liquidity and credit risk, key business developments, as well as any other event, circumstance or condition that could be assumed to be of significance for the company's shareholders. Furthermore, the CEO is to lead the executive management and execute the decisions made by the Board.

Resurs Holding's Group Management consists of six people: the CEO, CFO, CHRO, CMO, COO and CSO.

According to applicable guidelines on remuneration of senior executives, as adopted by the AGM on 28 April 2017, remuneration may include fixed salary, long-term incentive programmes, pensions and other benefits. Senior executives are not paid a bonus or variable remuneration. The total remuneration is to be market-based, competitive and reflect the individual's performance and responsibilities and, for the share-based incentive programme, the value trend for shareholders. The total remuneration is to counteract unhealthy risk-taking. Ahead of the 2018 AGM, the Board proposes unchanged guidelines on remuneration to senior executives.

Remuneration of the CEO and other senior executives is to be determined by the Board in accordance with the guidelines on remuneration of senior executives approved by a general meeting and internal policies based on regulations on remuneration systems in banking and insurance operations applicable at any time.

Internal control

The Board's responsibility for internal control is governed by the Swedish Companies Act, the Annual Accounts Act (1995:1554), the Code and the applicable elements of the Swedish Financial Supervisory Authority's regulations and general recommendations. The procedures for internal control, risk assessment, control

activities and monitoring regarding its financial reporting were designed to ensure reliable overall financial reporting and external financial reporting pursuant to IFRS, prevailing laws and regulations, and other requirements that must be complied with by companies listed on the Nasdaq Stockholm. These efforts involve the Board, Group Management and other personnel.

Control environment

The Board has adopted a number of policies, which, along with the external regulatory framework, comprise the basis for Resurs Holding's control environment. All employees are responsible for complying with the adopted policies. The Board has adopted policies that govern the responsibilities of the CEO and the Board. The Board's rules of procedures stipulate that due to the consolidated situation, which includes Resurs Holding together with Resurs Bank, the Board is to ensure the presence of a risk control function (second line of defence), a compliance function (second line of defence) and an internal audit function (third line of defence), all of which are organisationally separated from one another. The control functions must regularly report on significant weaknesses and risks to the Board and CEO. The reports are to follow up on previously reported weaknesses and risks and account for each newly identified significant weakness and risk. The Board and the CEO are to take the appropriate actions based on the control functions' reports as soon as possible. The Board and the CEO are to ensure that Group has procedures in place to regularly monitor actions that were taken based on reports made by the control functions. Responsibility for maintaining an effective control environment and a regular focus on risk assessment and internal control regarding financial reporting is delegated to the CEO. However, responsibility ultimately lies with the Board. The CEO must regularly provide the Board with a written CEO report, including general commentary on significant events. As operative personnel in

the first line of defence, managers at various levels within the Group are responsible for identifying and addressing identified risks.

Resurs Holding's Audit Committee continuously ensures the quality of Resurs Holding's financial reporting, while the Corporate Governance Committee ensures the quality of Resurs Holding's corporate governance, internal control, compliance, risk control and internal audit functions.

Risk assessment and control activities

Resurs Holding has implemented a model for assessing the risk of errors in the accounting and the financial reporting. The most significant items and processes in which the risk of material errors may typically exist include income-statement and balance-sheet items, lending to the public, intangible assets and financial instruments. Resurs Holding continuously monitors the effectiveness of the control of these items and processes.

Monitoring, evaluation and reporting

The Board continuously evaluates the information it receives. The Board regularly receives reports from the business areas concerning Resurs Holding's financial position and reports from the Audit Committee regarding their observations, recommendations, and proposals on actions and decisions. The internal audit function, compliance function and risk control function regularly report their observations and proposals for actions to the CEO, the Board and certain Board Committees. The internal and external regulatory frameworks that govern financial reporting are communicated internally by way of policies that are published on the Group's intranet.

Auditors

Ernst & Young AB (Jakobsbergsgatan 24, SE-111 44, Stockholm, Sweden), has served as the company's auditor since 2013, with Niklas Paulsson as the Auditor-in-Charge. Niklas Paulsson is an Authorised Public Accountant and a member of FAR, the institute for the accountancy profession in Sweden, as well as a licensed auditor for financial companies.

The auditor participates in a number of Audit Committee meetings and the Board meeting at which the Annual Report and consolidated financial statements are addressed. At this Board meeting, the auditor presents such matters as the financial information and discusses the audit with the Board members without the presence of the CEO or other senior executives.

The external auditing of the company's and subsidiaries' financial statements and accounts, as well as the Board's and CEO's administration, is conducted in accordance with generally accepted accounting policies.
